At December 31, 2021, the Company had consolidated net operating loss carry- forwards for federal income tax purposes of approximately $10,000,000. These net operating loss carry-forwards expire at various dates beginning in 2021 through 2031. Due to the uncertainty with respect to ultimate realization, the Company has established a valuation allowance for all deferred income tax assets.

NOTE 11 – UNCERTAIN TAX POSITIONS

Effective January 1, 2007, the Company adopted the provisions of ASC 740 (formerly FASB Interpretation No. 48, *"Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109"*). ASC 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The adoption of the provisions of ASC 740 did not have a material impact on the Company's condensed consolidated financial position and results of operations. At December 31, 2021, the Company had no liability for unrecognized tax benefits and no accrual for the payment of related interest. Due to the complexity and uncertainty associated with our tax positions, we cannot make a reasonably reliable estimate of the period in which cash settlement, if any, would be made for our liabilities associated with uncertain tax positions in Other long-term liabilities.

Table of Contents

Interest costs related to unrecognized tax benefits are classified as "Interest Expense, Net" in the accompanying consolidated statements of operations. Penalties, if any, would be recognized as a component of "Selling, general and administrative expenses". The Company recognized $0 of interest expense related to unrecognized tax benefits for the year ended December 31, 2021. In many cases the Company's uncertain tax positions are related to tax years that remain subject to examination by relevant tax authorities. With few exceptions, the Company is generally no longer subject to U.S. federal, state, local or non-U.S. income tax examinations by tax authorities for years before 2010.
